

Rsc Envirologic Lubricating Oil 46 - 5 gal

RC26805

Details

(Formerly EnviroLogic 268). Most rope, cable and chain products lubricate and then fling off, causing environmental contact and subsequent contamination. EnviroLogic Lubricating Oil 46 is biodegradable and non-hazardous with a tackiness additive to keep the oil on the chain, solving the incidental exposure problem. The natural ester technology offers a direct replacement for mineral oil based chain oils, excellent antiwear capability with increased protection for your equipment.

- Biodegradable & non-hazardous
- Excellent anti-wear capability
- Increased protection
