

CTEK Battery Charger Mus 4.3 Polar - 12V RCTK56-958

Details

Superb all-round charging with added cold weather performance to handle temperatures down to -22 degrees F (-30 degrees C) with adapted AC and DC cables. This fully automatic 'connect and forget' 12V charger is designed for testing, maintenance and charging of 12V lead-acid batteries from 1.2Ah up to 110Ah, with maintenance up to 160 Ah. The SNOWFLAKE mode ensures ideal charging in extreme cold. RECOND mode recovers deep discharged and stratified batteries. FLOAT/PULSE maintenance ensures ideal battery care during inactivity. No need to disconnect battery. 5 year warranty.

- 8-step fully automatic charging
- Recovers, charges and maintains all lead-acid battery types
- Maximizes performance and extends life
- Safe and easy to use
- Connect and forget
- Charges to -22F° (-30C°) with AC and DC cables
- Extends battery life

Specifications

Manufacturer	CTEK
Manufacturer's	56-958
Model No	
Battery Capacity	1.2-110 Ah
Charging Current	5A Max
Charging Voltage	14.4/15.0/15.8 V
Input Voltage	100-115 VAC
Manufacturer's	5 year
Warranty	
Type of Batteries	12v Lead-acid Batteries (WET, MF, FEL and AGM)
