

# Safety Drum Faucet - Brass 3/4 NPT - Rigid

RJ08902

## Details

Self-closing safety faucet incorporates an internal flame arrester, which prevents flashback of fire into the drum, and a Polytetrafluoroethylene (PTFE) seal. Screws tightly into drum and can be adjusted to dispensing position, with spout downward, without thread damage or leakage.

- Rigid
- Self-closing with internal flame arrester

## Specifications

Manufacturer	Justrite
Manufacturer's	08902
