

Alloy Solid Tine - .700MT x 14.000L x .750OD R139

Details

Alloy Solid Tines aerate without the work of cleaning up the mess of cores and debris left behind with conventional core aerating. R&R Solid Tines are manufactured from a special high-carbon steel bar and heat treated to RC45-48 in our own heat treat facility. They are available in all standard sizes but are especially popular in the smaller diameters for aerating in the summer months to relieve the stress on greens by allowing water, air and nutrients to easily flow into the root zone. With the combination of small holes and no cores, play can be resumed immediately.

Replaces

Redexim	2382638
R&R Products	R2382638, R9990028, RS12750

Specifications

Manufacturer	R&R Products
A - Tine Type	Alloy Solid
B - Tine Mounting Dia.	.700 in (17.8mm)
C - Tine Length	14 in (356mm)
D - Tine Tip Outside (Hole) Dia.	.750 in (19mm)

Fits Models

Redexim Verti-Drain
Southern Green Soil Reliever
