

Root Assassin One Shot Shovel

RRA1002

Details

Now you can move more earth in "one shot" and carry 25% larger loads without spillage off the sides of the shovel. This unique shovel design provides an extra-large top flange for the foot step, then the flange wraps around the sides creating "wings". The wings hold and carry larger loads while greatly increasing the strength of the shovel blade. Performs like a round point shovel with extra capabilities. Ideal for trenching and cutting sod with a clean, neat appearance. D-Grip fiberglass handle for superior strength and comfort. 43" handle.

- Shovel with "wings" to keep more dirt in the shovel
- Moves dirt in "one shot"
- Extra large foot step
- Steel round point shovel
- Fiberglass shaft and Comfort D handle
- Cuts clean without spillage
- Length - 43"
- Weight - 4.5 lbs.
