

Slicing Knife Tine - .750MT x 5.500L

R201457

Details

Alloy Slicing Knife Tines allow water, air and nutrients to flow into the root zones and beyond with virtually no visible surface disturbance, allowing play to be resumed immediately. All of these tines are precision machined out of solid high-carbon alloy steel bar and heat treated in our own facility to RC45-48 and carry the same lifetime guarantee of quality as all our other tines.
