

Schumacher Fully Automatic Battery Charger - 10A 6V/12V RSC1303

Details

10 Amp fully automatic battery charger. Microprocessor controlled automatically adjusts the amperage rate to charge and maintain. Multi-stage charging for added precision, safety and battery life. Float mode monitoring automatically maintains optimum battery charge. Auto voltage detection for 6 or 12 volt. Reverse hook-up protection. Use on trucks, cars, farm equipment, RV's. Schu Eco Energy. DOE compliant.

- 10A Fast Charger 3A Maintainer
- Output Current - 2A/6V, 10A/12V
- Microprocessor Controller
- Multi-Stage Charging for Precision, Safety and Battery Life
- Float Mode Monitoring
- Automatic Voltage Detection
- Reverse Hook Up Protection
- Schu Eco Energy
- DOE Compliant

Specifications

Manufacturer	Schumacher
Dimensions	3.63 x 10.5 x 7.88 in.
Input Voltage	120 VAC
Output Voltage	6/12 V
Weight (lbs)	2.7 lb
