

Swepco 201 Gear Lube - ISO 460 - 1 gal

RSW201-1

Details

Premium quality, multi-purpose gear lubricant formulated to provide superior performance in a wide range of demanding operating conditions. Provides outstanding wear control, service life, cleanliness, thermal stability and corrosion resistance for most industrial gear boxes, manual transmissions, final drives and power take off units as well as chains, cables, rollers bushings, slides and cams. Reduces operating temperatures, EP and limited slip additives. GL-5, MT-1 and MIL-PRF-2105E. ISO-460/SAE 140.

- Outstanding wear control
- Premium quality
- Multi-purpose lubricant
- Provides superior performance in demanding conditions
- Outstanding service life, cleanliness, thermal stability
- Reduces operating temperatures
- GL-5, MT-1 and MIL-PRF-2105E.
- ISO-460/SAE 140
