

Xtreme 2 Position Trimmer Rack - Open Trailer

RT3220

Details

Maximum security handles eliminate rolling and lock equipment at the same time. Quick release thumb lever with mechanical lock. Aluminum blocks mount onto the trimmer shaft. Tools never touch the rack. Eliminates rolling tools, shaft wear, theft, fuel spills and engine flooding. Galvanized rust protection inside and out. Designed with no loose components. Fits all makes and models of trimmers. Includes mounting hardware and lock for open and enclosed trailers.
