

Turfcheck II Rough Grass Height of Cut Gauge

RTT1029

Details

A rough grass height of cut gauge designed to easily measure taller grass in the field for actual mowing height from 1/2" to 5-1/2" (6mm to 60mm) tall. Simply push the 2 outside teeth into the soil then read the gauge in inches or metric for height of cut. Measures in 1/4" increments from 1/2" to 2-1/2" then 1/2" increments from 2-1/2" to 5-1/2" tall. On the other side, measures in 6 mm increments from 6 mm to 60 mm, then 12 mm increments from 60 to 132 mm tall. Ideal for athletic fields, infields and outfields, soccer, lacrosse and golf courses. High impact plastic. Inches and metric
