

Full Length Slatted Cooler Enclosure

RP106020

Details

Recycled plastic is the best investment you can make when searching for quality, durability and maintenance-free operation. This enclosure is designed to hold a 10 gallon water cooler, a 10 gallon Rubbermaid trash container and has a side opening for an inside cup dispenser. Recycled plastic lumber 1" x 4" slats are exceptionally durable with molded-in color for years of service. Lockable rear door access. Rubbermaid trash container included. Cooler and cup holder sold separately. Available in Green, Driftwood or Black.

- Maintenance-free recycled plastic lumber
- Side opening for cup dispenser
- 10 gallon Rubbermaid trash container included
- 10 gallon Igloo, cups and cup holder available separately
